Middle School

2022-2023 School Supply List

* 7th & 8th Grade Recommended:

- 1 Ti84+ or Ti84+ CE graphing calculator.

The TI-84+ is the GCS recommended calculator for all levels of mathematics, the ACT/SAT, and any other STEM classes that rely on a calculator. If taken care of, it will last a student for their entire career. We do have a classroom set of TI-84+'s so students will be able to borrow one during class if needed.
