# GRACE UNIVERSITY *at* GCS

## A DISTINCTLY CHRISTIAN SCHOOL IN TYLER, TEXAS

*See what makes the hybrid approach an excellent fit for your family*

### Flexible Instruction

At Grace University, you get the best of both worlds. Our hybrid approach means your family can enjoy flexible, at-home learning and rich on-campus instruction from a biblical worldview. We design the curriculum and provide all the instruction. You provide the learning experience that's right for you, at home or on the go.

### Proven Classical Model

Grace U's classically-informed, integrated approach corresponds with the key stages of your child's cognitive development, from kindergarten through grade 8. Through a model that has stood the test of time, your child will build a solid foundation for advanced concepts and skills.

### Maximized Campus Instruction

As a parent, you want to know that your child's classroom time is well spent. When your student is on campus, they will learn new academic concepts taught by exceptionally-qualified experts in a small class setting. This is when the heavy lifting happens.

### Practical Application

Your family and the school will be aligned around academic goals as your child progresses toward key milestones.

### Powerful Partnership

We don't expect you to figure everything out on your own. Teaching is a shared responsibility. That's why we provide Parent University, which includes in-person training and helpful resources that equip you for a successful at-home learning experience.

*"After an enlightening year of homeschooling, we heard that a couple of schools in town offered a hybrid model... so we decided to try Grace University and haven't looked back since! We have experienced substantial growth and success not only academically but also spiritually."*

Kristin & David Cook, Grace University parents

## A WORTHY *Investment*

Grace University gives your family more time to be together. Watch your family develop stronger, healthier relationships as your child becomes equipped with the tools necessary for a future beyond the imagination. You'll be there as they enter an important season of faith formation, where they will develop a biblical worldview and truly start to see themselves as part of God's story. We want them to be ready to respond to His calling on their lives. Because we are committed to accessibility, we offer variable tuition for qualified families. We aim to make a high-quality private Christian school affordable to as many students as possible.

# ENRICHMENT *Experiences*

Opportunities for students to discover new interests and talents abound at Grace University, a flexible K-8 hybrid school. From athletics to the arts, our hybrid students experience:

- Library
- Athletic fields
- Gym
- Lunch
- Music
- Speech
- Visual/performing arts
- Intramural sports (grades 5-6)
- Competitive sports (grades 7-8)
- Arboretum
- Aquarium
- Plant farm
- Institute for Creation Research
- Ark Encounter
- Holiday/special events

## OUR COMMITMENT TO *Safety*

*Grace University is committed to helping students feel physically and emotionally safe on campus.*

### Campus

Our doors remain locked, and we have secure check-ins and surveillance cameras throughout our facilities. We also have Personal Protection Officers on campus.

### People

Every faculty and staff member coming in contact with your child has a background check. Staff monitors drop-off and pick-up so you feel confident that your child is safe as they arrive and leave campus.

### Culture

Our core values foster a healthy culture, which directly influences the learning environment for our hybrid students. We believe that when kids feel safe, they're better learners.

### Communication

We are committed to being accessible and transparent so you know exactly what your child is learning and how they are doing.

### Support

Our teachers will get to know your child, celebrate their strengths, and nurture their growth. The Academic Success Center is available for additional support.

*Teaching JESUS. Living GRACE.*

# Stranger Together

## PARTNERSHIP AT GRACE UNIVERSITY IS CRUCIAL FOR SUCCESS

### Perspectives

The hybrid approach reflects our school's commitment to a family-first educational philosophy. At Grace, we're here to support you!

### Values

A flexible education model allows parents to stay more directly involved in their child's education, and gives families more time to spend together.

### Goals

You need a partner who will help your child as they strengthen their faith, develop character, and experience academic, social, and physical growth.

### Relationships

While your family values time together, you also want your children to have healthy, productive engagement with like-minded friends, mentors, and instructors.

"We chose Grace University because we wanted more time with our daughter, but homeschooling wasn't a fit for us. It is such a gift to be able to partner with Grace U for our daughter's education. The school feels like a family, and the staff and teachers are amazing."

The Deason Family, Grace University Parents
