

# A COMMITMENT TO *Student Safety*

You can expect your child to be **physically and emotionally safe** at Grace Community School. From modern campus safety procedures that include secure check-ins and video surveillance to multiple Personal Protection Officers, you can feel confident knowing we're here to support and protect your family.

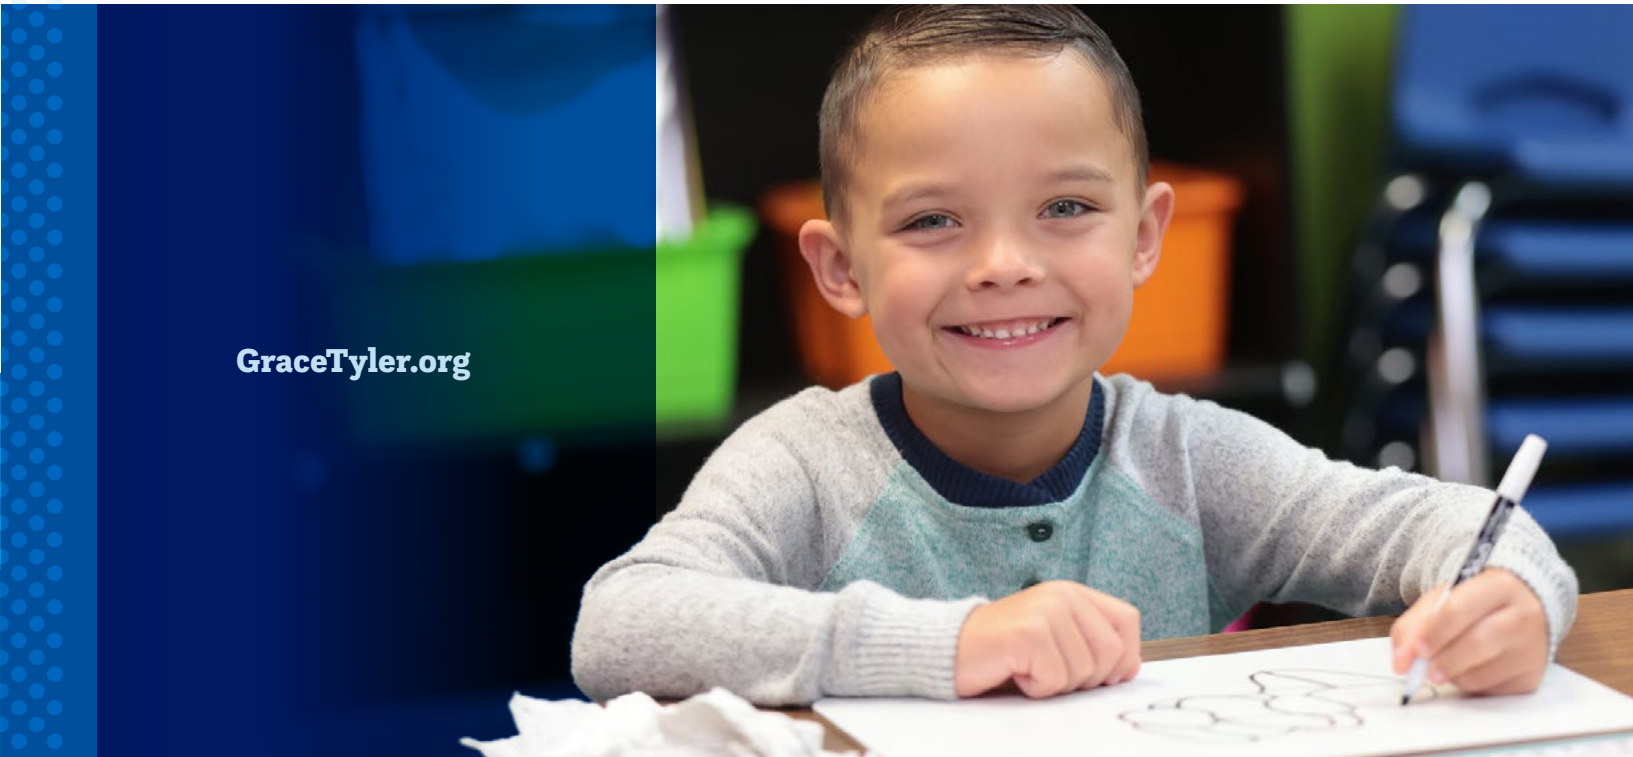

**GRACE**  
COMMUNITY SCHOOL

TYLER, TEXAS

# JUNIOR KINDERGARTEN *and* KINDERGARTEN AGES 4 AND 5

# AN INVESTMENT WITH *Eternal Rewards*

Your child is a creative, productive, and passionate image-bearer of their Creator. We want to partner with you to help them prepare well for elementary school — and reach their full potential in wisdom, stature, and favor with God and man. With financial options like **variable tuition** available, joining a community of like-minded families at Grace might be easier than you think.

# GIVE THE GIFT OF A *Strong Start*

Supporting Your Child During a Season of Growth

## A FOUNDATION FOR LEARNING & LIFE

Does it feel like it was just yesterday that your soon-to-be kindergartner was toddling around and learning to walk? Your child has experienced tremendous growth over the last few years, and you know that you're going to have to make a decision about school soon.

Of course, you recognize that your child's environment will have a significant impact on them as they grow and develop. You don't really want your kids to be in a bubble, but you do want to protect them from influences that run counter to your family's values.

You want a kindergarten program that upholds and reinforces all the things you're teaching at home. *You want alignment.*

## THE IMPORTANCE OF *Alignment*

### A Trustworthy Partner

You're not looking for a substitute to raise your child. You want a trustworthy education partner to help you train up your child in the way they should go.

### A Christian Perspective

You want your child to be at a school that shares the principles you teach at home. You desire that they will be encouraged to grow in their faith both at school and in their daily life.

### A Supportive Community

You intuitively understand that the school community your child is a part of will have a tremendous impact on them — and you want them to be surrounded by teachers and families who share your values.

### A Chance To Grow

You want your child to have an engaging experience that cultivates their gifts, talents, and interests.

### A School That Works for the Entire Family

You need to make a sustainable decision, so you have to factor in practical considerations as well—the daily drive, your family's schedule, and affordability.

"Grace provides a rigorous, Gospel-centered curriculum that produces academic excellence. In kindergarten, the students learn a Bible verse each week, explore concepts through hands-on lessons, take field trips, and incorporate STEM projects. They are also challenged in the foundations of mathematics and reading. As a parent, I am so grateful that three of my children have experienced kindergarten at Grace. It has been a blessing to our family."

Katie Gossett, GCS parent

## *Growing...*

### Physically

It's no surprise your child will get bigger, faster, and stronger. They're also going to be developing their motor skills and coordination.

### Cognitively

Your child's cognitive abilities will also advance. They will "learn how to learn" and grapple with foundational concepts.

### Socially

They will also learn how to interact with others on a deeper level as they make friends, resolve conflict, and interact with authority figures.

### Emotionally

As your child grows in independence, they will become more self-aware and discover more about who they are. They'll try new things and develop resilience.

### Spiritually

Most importantly, your child will begin to form perceptions of right and wrong, who Jesus is, and their worth as a unique person made in the image of God.

## BUILDING MIND *and* SPIRIT

### Christ-Focused Curriculum

Teaching Jesus is at the heart of Grace education, which includes Bible memory verses, prayer, worship, rich biblical integration in all subjects, lessons on godly character, and more.

### Excellent Academics

We prioritize reading, writing, and math—foundational concepts young scholars need to excel in elementary school and beyond.

### Engaging Learning Centers

Our Learning Centers are areas for collaboration. As your child moves between stations, they develop creativity, writing skills, and motor skills. Social skills are even further developed as children work and play together in centers.

### Joyful School Days

Yes, there's a lot to learn, but your student can have a lot of fun along the way. Whether it's through interactive activities in everyday lessons, playing at recess, or enjoying special theme days, our students' days are joy-filled and memorable.

### Dedicated Teachers

We have qualified, loving teachers who get to know your child personally and keep you informed on their progress in class.
